DECLARATION OF CONFORMITY FOR CONFLICT MINERALS

PVL Tag Factory (India) Pvt. Ltd. produces RFID passive tags in Low Frequency (125/134.2 KHz), High Frequency (13.56 MHz) & Ultra High Frequency (860-960 MHz).

We declare that our manufactured products do not contain any 3TG Conflict Minerals i.e. Tantalum (Ta), Tin (Sn), Tungsten (W) and Gold (Au).

This statement serves to assure our customers that all our above products are Conflict Minerals Free. This declaration is based on conformity declarations received from our raw material suppliers and to the fact that during our technological processes we do not change the composition of the material.
